Strange things are happening all around us in Christian circles because we are not truly worshipers. For instance, any untrained, unprepared, unspiritual empty rattletrap of a person can start something "religious" and find plenty of followers who will listen and promote it! Beyond that, it may become very evident that he or she had never heard from God in the first place. All of the examples we have in the Bible illustrate that glad and devoted and reverent worship is the normal employment of human beings. Every glimpse that is given us of heaven and of God's created beings is always a glimpse of worship and rejoicing and praise-because God is who He is! Because we are not truly worshipers, we spend a lot of time in the churches just spinning our wheels; making a noise but not getting anywhere. What are we going to do about this awesome, beautiful worship that God calls for? I would rather worship God than do any other thing I know of in all this wide world!
